

REVIEW AND REFLECT

**WHAT HAVE YOU LEARNED
SO FAR?**

**WHAT HAVE YOU LEARNED
SO FAR?**

PUTTING IT ALL TOGETHER

- Finish the last two activities in the Algorithms chapter.
- Try solving the puzzles in different ways.

PUTTING IT ALL TOGETHER

- Finish the last two activities in the Algorithms chapter.
- Try solving the puzzles in different ways.

REFLECTION

- What's the fewest number of moves it took to complete the challenges?
- What codes did you use most?
- What parts of the puzzle did you have to solve a specific way? What parts were flexible and you could solve with different code?

REFLECTION

- What's the fewest number of moves it took to complete the challenges?
- What codes did you use most?
- What parts of the puzzle did you have to solve a specific way? What parts were flexible and you could solve with different code?

JOURNAL

- Update your journal.
- Check out your classmates' work.
